MISSION: Establish and conduct local classes for the RPA, FMA, and SMA/SMT designation programs. Select instructors and work to improve the quality of local classes. Increase awareness of the benefits of the programs. Establish and conduct training programs as needed for building managers and their staff. Coordinate with local public schools to develop training programs leading to careers in building engineering, property management, and real estate leasing and brokerage. Volunteers include all members. Meets monthly and reports to the Education Director.
