

GREEN 102

Develop & Implement A Plan

The Shades of Green Seminar Series assists you with your efforts of Going Green by showing you the many different levels there are to being "Green." Plus, we show you how you can meet the BOMA 7-Point Challenge initiative set last year by BOMA International.

This last seminar in the series, *Green 102: Develop & Implement a Plan*, will cover LEED policy, program and plan models; how to register your building with the USGBC?; and the advantages of hiring a LEED Consultant.

Guest Speaker, Sandra Heffernan, LEED AP, Sustainable Partners, will go in depth and help you find:

- What is the difference between policies, programs & plans?
- What are the LEED requirements for writing a building model?
- Which LEED credits require a policy, program, or plan?
- How your building model affects your vendors
- How to implement your LEED building model?
- Introduction to LEED-Online
- How to assign credits

This session is approved for 4-MCE credits from the Texas Real Estate Commission (Provider #0139) and is approved for CPD points from BOMI International towards RPA, FMA, and SMA/SMT designations.
