

HOW TO ACHIEVE LEED EBOM Certification

June 18 | Williams Square | 8am-4:30pm

Have you recently registered or considered registering your building for LEED Existing Buildings Operations & Maintenance (EBOM)? Left feeling overwhelmed on where to start? Then join the BOMA Dallas Green Task Force and North Texas USGBC as they host a seminar addressing everything you need to know to certify your building under Existing Buildings Operations & Maintenance Version 3.

Seminar Sponsored By

Seminar presenter, Sandra Heffernan, LEED AP, founder and president of Sustainable Partners, LLC will be combining three seminars for this all day event. They include: Intro to LEED EBOM version 3, all of the Prerequisites, Energy Star 101, and Credits: Innovation, Regional Priority, etc. The goal is to help combat the feeling of panic and anxiety at the beginning of the certification process by sharing our LEED experiences.

Sandra Heffernan, LEED AP, brings a passion for conservation and more than 25 years of commercial real estate experience to her role as Founder and President of Sustainable Partners, LLC. A full-service LEED consulting firm, Sustainable Partners, LLC educates and assists clients in adopting green programs for existing and newly constructed buildings. Prior to establishing her firm, Sandra spent 15-years with Dutch real estate firm Wereldhave USA, Inc. where her passion for conservation met real-world application. At Wereldhave, Heffernan played an integral role in developing the McKinney Green Building, one of the first privately held LEED Certified Core and Shell Platinum buildings in the United States.

This session is pending approval for 7-Hours MCE credits from the Texas Real Estate Commission (Provider #0139) and is approved for 7-CPD points from BOMI International towards RPA, FMA, and SMA/SMT designations.

Please note all cancellations are due in writing to the BOMA Dallas office by end of business June 15. Cancellations No shows are responsible for the course fee.
