

We Are GREATER Together!

It's a brand-new year for BOMA Greater Dallas, and I am so proud and excited to be your 2022-2023 BGD President.

The past few years have been challenging, to say the least, with a pandemic and a couple of winter storms thrown into the mix. But BOMA Greater Dallas more than survived; we thrived and even grew, and that was because of our incredible members.

When I was contemplating a theme for my presidential term, it was obvious what my message would be: "We are GREATER together!" First, because our name is BOMA "Greater" Dallas. More importantly, it is about who we are as a community. We are GREATER together because we collaborate, innovate, and elevate with all that we do.

Our Board of Directors, committee leaders, and army of volunteers work together closely to advance BOMA Greater Dallas' strategic mission to be an advocate for the Dallas commercial real estate industry as well as the preferred resource for education and networking. We are continually pushing each other to be better and make BOMA Greater Dallas one of the strongest associations in the BOMA International network. We know we have not reached our full potential, so we remain focused as we move closer.

To get there, I am counting on you to stay connected, informed, and engaged. Networking is what we do best, so take advantage of the many opportunities we provide to build stronger relationships. Whether you are a real estate or allied member, think about joining a committee and get involved. Let's use our combined energy, creativity, passion, and commitment within BOMA Greater Dallas to reach the next level, both as an association and in your career.

I am here to represent you and every single BOMA Greater Dallas member, and your voice matters.

Open communication is important to me. Look for short videos from me on a regular basis discussing a wide range of relevant topics. I also will have messages in BOMA Greater Dallas eVoice and on our social media channels.

Let's be GREATER together. I look forward to seeing you at future BOMA Greater Dallas events in the coming weeks and months.

Kind regards,
Jacqueline Byrd
BOMA Greater Dallas President
